Instructions for completion: Return documents listed in A and B below by email to: ccdd@land-and-lakes.com
or fax to 847-825-0887

A. IEPA Forms and Supporting Documents (submit one of the following)

1. **LPC-662** Generally used for *residential* properties
Plus: pH test results from accredited laboratory; **OR**
2. **LPC-663** Generally used for *commercial* properties, or potentially impacted by environmental concerns
Plus: MAC (Maximum Allowable Concentration) testing. Those results received in Excel EDD format will receive quicker approvals.

B. This Application, signed by an authorized corporate officer or manager.

*All Commercial Properties or Complex Approvals will be charged \$100 for document review.
Complete Applications will be processed within two business days.*

Complete documents MUST be attached before application can be processed

CERTIFICATION

Material shall be "Clean Construction Debris" within the meaning of the Illinois Environmental Protection Act, 415 ILCS 5/3.160(b), which defines "clean construction debris" as "broken concrete without protruding metal bars, rock, stone, reclaimed asphalt pavement, or uncontaminated dirt or sand generated from construction activities." Materials such as concrete and asphalt pavement shall be separated from granular fill prior to placement on the Receiving Site so as to make such material suitable for processing as recycled material.

Customer acknowledges that payment for disposal is due upon arrival at the Land & Lakes's site, unless prior arrangements have been made. Customer agrees to all charges, late fees, and collections costs, including reasonable attorneys' fees in the event of non-payment.

Customer acknowledges, agrees and certifies that the material described in this Application meets the definition of "Clean Construction Debris" as defined above and agrees to pay all Land & Lakes Co. charges related to disposal of same.
